## HEALTH and SAFETY POLICY STATEMENT

Tawmix Recycling Limited is committed to ensuring the health, safety and wellbeing of its employees, so far as is reasonably practicable, and accepts our responsibility for other persons who may be affected by our activities.

We take steps to ensure that our statutory duties are met at all times. Each employee is given such information, instruction and training as is necessary to enable the performance of their work activities safely.

It is the duty of management to ensure that all processes and systems of work are designed to take account of health and safety and are properly supervised at all times.

Adequate facilities and arrangements are maintained to enable employees and their representatives to raise issues of health and safety.

Competent people are appointed to assist us in meeting our statutory duties including, where appropriate, specialists from outside the organisation.

Every employee must cooperate with us to enable all statutory duties to be complied with. The successful implementation of this policy requires total commitment from all levels of personnel from management to staff on site including our trainees.

Each individual has a legal obligation to take reasonable care for their own health and safety, and for the safety of other people who may be affected by their acts or omissions.

Full details of the organisation and arrangements for health and safety will be set out in separate documents.

This policy is regularly monitored to ensure that the objectives are achieved. It will be reviewed and, if necessary, revised in the light of legislative or organisational changes.

Signed: .....

Mr Julian Tolley, Director
